THE AUSTIN RAILROAD.

The people are moving in the matter of the Austin and Battle Mountain Railroad. The Reville of last Monday gives the following report of the proceedings of a public meeting held the Saturday night previous:

The railroad meeting held in the Court-house Saturday evening, May 22d, 1875, was called to order by the Hon. A. Nicholls.

M. M. Egan was unanimously elected Chairman of the meeting, and Jas. L. Smith Secretary.

The Hon. M. J. Farrell addressed the meeting on the feasibility of a railroad from Battle Mountain to Austin; also showing the probable cost of construction.

The Hon. A. Nicholls moved that a committee of three be appointed by the chair to circulate a subscription to defray the expenses of making a preliminary survey of the Austin and Battle Mountain railroad. Carried.

The Chair then appointed as such committee Messrs. W. S. Gage, Geo. F. Dinsmore, and Hon. A. Nicholls.

The cost of the survey was estimated by Hon. M. J. Farrell at from \$1,200 to \$1,500.

A subscription was then taken up, and \$870 subscribed in about 15 minutes.

The meeting then adjourned till the following Saturday evening. According to the Hon. M. J. Farrell, who addressed the meeting, the estimated cost of a (36 inch) narrow gauge railroad, fully equipped etc., from Austin to Battle Mountain, a distance of 95 miles, is \$871,114 47. But from this must be taken the \$200,000 subsidy offered by the county, which would leave as the total cost to the builders of the road the sum of \$671,114 47. Thereceipts of the road, calculated on the basis of traffic for 1874, is put at \$126,600 per annum, and the cost of running, etc., at \$58,000, leaving \$68,600 as the net receipts, which would be interest of over 10 per cent. on the money invested. It is understood that the parties who now have the franchise stand ready to transfer it to any company who will undertake the construction of the road.

W. C. RALSTON.—A rumor is circulating that a gentleman prominent on California street and intimately connected with financial affairs on this coast has become involved in difficulties which will necessitate his retirement from the important position he now occupies. It is, in fact, intimated that some steps have already been taken, but at present it is impossible to verify the report. If true, its bearing upon financial interests will be of the gravest character. In other words that W. C. Ralston, the President of the Bank of California, has failed. There has been a good deal of "smoke" about Ralston for some time. Where there is so much smoke there must be some fire. Ralston's connection with Assessor Rosener was an ugly affair, and the next Grand Jury of San Francisco may possibly indict both of them. That was the talk in that city about two weeks ago.

"SENATOR JONES & Co."—the "Co." being John Coughlin, Beach, Corcoran and others—will, during the summer or coming fall, put up one of their ice-houses in Washington City. They have erected three so far by way of experiment, the first in Chattanooga, and the last in Galveston. If nothing prevents success in operation, "there's millions in it." Senator Jones says he would not give his ice patent for the Comstock Lode.

NO THIRD TERM.

The third term question has been practically settled. The Republicans of Pennsylvania are the last to speak out, opposing. Nevada Republicans done the same thing last year, besides other States. The Republican State Convention of Pennsylvania met Wednesday and renominated Gov. Hartranft by acclamation. The first resolution adopted by the Convention knocks the third term so far as that State is concerned. It reads:

Resolved, That we declare our firm and unqualified adherence to the unwritten law of the Republic, which wisely, and under sanction of the most venerated of examples, limits the Presidential service of any citizen to two terms; and we, Republicans of Pennsylvania, in recognition of this law, are unalterably opposed to the election to the Presidency of any person for a third term.

The remaining resolutions indorse the administration of President Grant as among the most brilliant achievements in the annals of the country, and enlogize Governor Hartranft for the able manner in which he has discharged every duty incumbent upon him, and present his name for reelection. They suggest a thorough investigation by an able and experienced commission of the whole subject of municipal taxation, in order to protect the people as well from existing maladministration as to prevent its recurrence. They arraign the Democratic party for dishonoring the State by unseemly and arbitrary exercise of legislative power, and heartily approve of the efforts of the Government to bring to punishment the defrauders of the revenue. The Republicans of Pennsylvania will have no trouble in carrying that State this Fall, and next Fall too. Good enough..

Here is something that should be more generally known. It is said that bed bugs will live a year without food or air if placed in an hermetically sealed bottle. Persons desiring to keep their bed bugs over the winter without feeding them will do well to remember this. Thus science assists the most humble.

A subscriber to a southwestern newspaper died recently, leaving four years' subscription unpaid. The editor appeared at the grave and deposited in the coffin a palm leaf fan, a linen coat and a thermometer.

WHERE TO GO.—Barnett & Bro. should be patronized, from the fact that they always keep a large and well selected stock of the best quality and latest styles of gents' and boys' clothing, etc., on hand. Their dealings are characterized by liberality and fairness and if a customer goes there once, he seldom seeks to purchase elsewhere. Give them a call.

DR. A. B. SPINNEY.

WELL KNOWN throughout the country as a Pathologist and Physiologist, whose successful treatment of certain physical disabilities and functional derangements, deservedly entitled him to the familiar recognition of the GREAT SPECIALIST, would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 183 South C Street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his emigration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multifarious chronic affections incident to both sexes such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found and sometimes small particles of albumen will appear, or the color will be of a thin and milky line, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of its cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases and a healthy restoration of the genito-urinary organs.

N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice, \$5. 53-4f

PRETTY FAIR.—The sum of \$15,000 was disbursed in Washoe County by Mackey-Fair on account of pay roll, etc., for last month. This month their disbursements in this county will amount to over \$20,000. This is a small slice of the "bonanza," but it is very acceptable to all of us.

HIGH.—The Truckee is running full. It is a pity to see so much water running to waste. But then the consolation is left us that some day the waters of this beautiful stream will be utilized, and make money and happiness for somebody, if not for us who now reside on its banks.

A SUGGESTION.—When we get the Central Pacific's delinquent taxes, we ought to fire a hundred guns, light bonfires, etc., in commemoration of a victory of justice. Does the suggestion meet with approval.

CENSUS.—Mr. Ring is very busy taking the school census. He thinks the number between 6 and 18 in Reno will exceed 300—an increase of 60 over last year.

PATENT.—In our advertising columns will be found the application for patent of the Cable Consolidated Gold and Silver Mining Company.

SERENADE.—Our tonsorial friend Henry Morris was the recipient of a serenade from the boys of the Reno brass band Wednesday evening—his birthday.

CROPS.—All of our ranchers are elated over the crop prospects. Many of them will cut three crops this year. The alfalfa is nearly all out in bloom.

THE NEWARK LAND COMPANY is now in shape to guarantee the land paid in. This Company will be prepared in May to take parties by steamboat and railroad to their town and lands. By reference to the Coast Survey Chart it will be seen that at Putero Point, in front of Newark, the deep water comes all the way through the channel from the Pacific, with the C. P. R. running in a direct line through Livermore Pass, making this the connecting point between all parts of the United States and by deep water to all parts of the globe, and the greatest manufacturing point on the Bay of San Francisco—plenty of water, good climate, excellent soil, and easy communication. Purchasers getting possession can raise large crops by planting as late as July 15th. This company will commence active operation in building soon. For all information, circulars, maps, and subscription, apply at the office of the Company, 405 California street, basement, opposite Bank of California, San Francisco.

This land will be sold at auction May 22, 1875, by H. M. Newhall & Co. in accordance with the highest bidder. Terms at sale. One lot to large buyers. Possession will be given by the 1st of June, or sooner if the crops are off.

Returning, leave Newark at half-past 3 o'clock, arriving at San Francisco at half-past 6 P. M. The best of accommodations on the steamer on the New York plan; pay only for what you get. Breakfast 50 cents. Dinner 75 cents. Fare for round trip seven dollars. Stage connect with boat, running to Niles, Centerville, Washington, Corvallis, Warm Springs and San Jose.

NOTICE NO. 219.  
U. S. Survey No. 37.  
**U. S. LAND OFFICE, CARSON CITY.**  
Nevada, April 24th, 1875.—Notice is hereby  
given that the Willow Creek Silver Mining Com-  
pany, a corporation, has by its Superintendent  
Jas. Morgan, whose postoffice address is at  
Washoe City, Washoe county, Nevada, made ap-  
plication for U. S. patent to fifteen hundred  
(1,500) feet of a certain lode or vein of quartz or  
other rock in place bearing gold, silver, copper  
and other metals, commonly called and known  
as the Union Lode and the Willow Creek Silver  
Mining Company's claim, Carson Mining Dis-  
trict, Washoe county, Nevada, extending fifteen  
hundred linear feet along the line of said lode in  
a westerly direction from post No. 1 the  
point of location, and embracing the same with  
all its dips, spurs, angles and variations with  
surface ground six hundred (600) feet in width  
and described on the plat and field notes on file  
in my office as follows, to wit:  
Beginning at post No. 1 whence southeast cor-  
ner of section 12, township 15 north, range 19  
east, Mount Diablo Base and Meridian bears  
south 21° degrees east, 736 feet, mouth of tunnel  
bears north 22° degrees west 1110 feet (said tun-  
nel runs south 22 degrees 3700 feet) and runs  
from said post No. 1, 1st course north 34 degrees  
west 200 feet to cut in croppings 600 feet to post  
No. 2, thence 2d course south 56 degrees west,  
3500 feet to post No. 3, thence 3d course south 34  
degrees east 600 feet to post No. 4, thence 4th

acres, bearings from the true meridian variation  
20° degrees east.  
The improvements made upon this claim by  
the applicant or its grantors consist of the cuts and  
tunnels heretofore mentioned, upon which they  
have expended not less than five hundred dol-  
lars. This survey was made in accordance with  
section of location. This claim is bounded by  
no known claimants. The location of this claim  
is recorded in Book A, pages 78 and 79 of the  
Mining records of Carson Mining District, kept

**RIFLEMAN!**  
  
Will stand the present season at Langley's Ranch  
six miles south of Reno, Nevada, season com-  
mencing April 1st and ending July 1st, 1875.  
Terms of service thirty dollars, payable in  
United States gold coin, before the close of the  
season.  
**Description:**  
Rifleman is a beautiful bay, 15½ hands high,  
and is the handsomest horse and the best bred  
trooper in the State. He has as much blood as  
any horse in his class, and is a champion  
trooper of America, that won the St. Louis  
troop at Boston, in 1870. Rifleman's color is a very  
rich bay and large and showy trotting action.  
I will show his color Morgan Chief at the next  
Fair against any colt of his age west of the  
Rocky Mountains. I will also give a premium  
of \$50 to the best seeking colt from Rifleman  
that is shown at the State Fair next Fall.  
**Pedigree:**  
Rifleman was sired by the Thoroughbred Stallion  
Buckskin and by Tom Glencoe, dam by  
Ladyslipper, and by Lady Slipper. His dam  
was the Thoroughbred mare Lady Davis by Red  
Bird by Modoc and by an American colt out of  
Miss Miller's Dammed by Imp Messenger. I have  
good pasturage at \$4 per month for the accom-  
modation of horses from a distance. I take good  
care of horses, but will not be responsible for ac-  
cidents or escapes should any occur. No horses  
divided until all charges are paid.
